

## Installation shuttle bus modifies service

Due to budget constraints, 405th Army Field Support Brigade and U.S. Army Garrison Stuttgart have made minor changes to the garrison shuttle bus schedule.

Starting April 1, the blue shuttle that travels from Kelley Barracks to Patch Barracks and Stuttgart Army Airfield will add additional stops.

Starting April 13, the weekend shuttle between Robinson Barracks and Patch Barracks will have decreased service.

All other weekday and weekend shuttle services will remain unaffected.

Authorized users can find the shuttle schedule at <https://www.us.army.mil/suite/page/374040>. Bus schedules will also be posted on the shuttles, at community shuttle stops and available at the in-processing center, building 2913 on Panzer Kaserne.
